

HCA PULSE

AT MENORAH MEDICAL CENTER

No matter our race, department, or job classification, we are the frontline workers at Menorah Medical Center who know best what we need to provide quality care and what our patients need. For too long, HCA has been playing games with our wages, our safety, and the safety of our patients. We are coming together across departments to win strong wages, safer staffing, and more access to our union. **Together, we can win a new contract that puts workers and patients first.**

Stay connected to your coworkers and union!
